Assessment Date

11/09/2020

Is the participant on dopaminergic medication (levodopa formulations or dopamine agonists) for treating the symptoms of Parkinson's disease? :

No

Yes

Has the participant had deep brain stimulation for treating the symptoms of Parkinson's disease? :

No

Yes

Will the first MDS-UPDRS Part III be an "OFF" or "ON" examination? :

OFF

ON

MDS-UPDRS Dosing Information

For the OFF MDS-UPDRS Part III:

For participants receiving treatment for PD (medications, DBS or both) was the "OFF" motor exam performed? :

No

Yes

Date of most recent PD medication dosing:

mm/dd/yyyy

Time of most recent PD medication dosing prior to MDS-UPDRS part III being assessed (24-hour clock):

00:00

Time that the MDS-UPDRS part III "OFF" exam was administered (24-hour clock):

00:00

For the ON MDS-UPDRS Part III:

For participants receiving treatment for PD (medications, DBS or both) was the "ON" motor exam performed?

No

Yes

Date of most recent PD medication dosing:

mm/dd/yyyy

Time of most recent PD medication dosing prior to MDS-UPDRS part III "ON" exam being assessed (24-hour clock):

00:00

Time that the MDS-UPDRS part III "ON" exam was administered (24-hour clock):

00:00

Family History (As Needed)

MDS-UPDRS Part I: Non-Motor Aspects of
Experiences of Daily Living (nM-EDL)
